Brewster's Millions

Copyright, 1904, by Herbert S. Stone & Company  
By GEORGE BARR M'CUTCHEON  
(RICHARD GREAVES)

The town quickly took on the ap-  
pearance of entertaining a royal vis-  
itor, and a number of shops were kept  
open longer than usual in the hope that  
their owners might catch some of the  
American's money. One morning Phil-  
ippe, the hotel proprietor, was trying  
to impress Brewster with a gesticula-  
tory description of the glories of the  
bataille de neurs. It seemed quite  
impossible to express the extent of his  
regret that the party had not arrived  
in time to see it.

"This is quite another place at that  
time," he said ecstatically. "It is mag-  
nificent! It is superb! If monsieur  
had only seen it!"

"Why not have another all to our-  
selves?" asked Monty. But the sugges-  
tion was not taken seriously.

Nevertheless the young American  
and his host were in secret session for  
the rest of the morning, and when the  
result was announced at luncheon  
there was general consternation. It ap-  
peared that ten days later occurred the  
fete day of some minor saint who had  
not for years been accorded the honor

Monty turned to look upon the half dead  
sailor.

of a celebration. Monty proposed to  
revive the custom by arranging a sec-  
ond carnival.

"You might just as well not come to  
the Riviera at all," he explained, "if  
you can't see a carnival. It's a simple  
matter, really. I offer one prize for  
the best decorated carriage and anoth-  
er to the handsomest lady. Then ev-  
ery one puts on a domino and a mask,  
throws confetti at every one else, and  
there you are."

"I suppose you will have the confetti  
made of thousand franc notes and of-  
fer a house and lot as a prize." And  
Bragdon feared that his sarcasm was  
almost insulting.

"Really, Monty, the scheme is ridicu-  
lous," said DeMille. "The police won't  
allow it."

BETTER THAN SPANKING.

Spanking does not cure children of bed-  
wetting. There is a constitutional cause  
for this trouble. Mrs. M. Summers, Box  
W, Notre Dame, Ind., will send free to any  
mother her successful home treatment, with  
full instructions. Send no money, but  
write her today if your children trouble you  
in this way. Don't blame the child, the  
chances are it can't help it. This treatment  
also cures adults and aged people troubled  
with urine difficulties by day or night.

the chief of police was finally made to  
see that if he were to be chief marshal  
it was only fair that the firemen should  
march ahead of the police. The crew of  
the Flitter made a wonderful showing.  
It was led by the yacht's band, which  
fairly outdid Sousa in noise, though it  
was less unanimous in the matter of  
time. All the cabs came at the end, but  
there were so many of them and the  
line of march was so short that at  
times they were really leading the pro-  
cession despite the gallant efforts of the  
grand marshal.

From the balcony of the hotel Monty  
and his party pelted those below with  
flowers and confetti. More allusions to  
Franklin and Lafayette were made  
when the cure and the mayor halted  
the procession and presented Monty  
with an address richly engrossed on  
imitation parchment. Then the school  
children sang, and the crowd dispersed  
to meet again in the evening.

At 8 o'clock Brewster presided over a  
large banquet and numbered among  
his guests every one of distinction in  
the town. The wives were also invited,  
and Franklin and Lafayette were again  
alluded to. Each of the men made at  
least one speech, but Subway Smith's  
third address was the hit of the even-  
ing. Knowing nothing but English, he  
had previously clung consistently to  
that language, but the third and final  
address seemed to demand something  
more friendly and genial. With a  
sweeping bow and with all the dignity  
of a statesman he began:

"Mesdames et messieurs, j'ai, tu as,  
il a, nous avons"--with a magnificent  
gesture--"vous avez." The French  
members of the company were not  
equal to his pronunciation and were  
under the impression that he was still  
talking English. They were profound-  
ly impressed with his deference and  
grace and accorded his preamble a  
round of applause. The Americans  
did their utmost to persuade him to be  
seated, but their uproar was mistaken  
by the others for enthusiasm, and the  
applause grew louder than ever. Sub-  
way held up his hand for silence, and  
his manner suggested that he was  
about to utter some peculiarly impor-  
tant thought. He waited until a pin  
fall could have been heard before he  
went on.

"Maitre Corbeau sur un arbre  
perche"--He finished the speech as he  
was being carried bodily from the room  
by DeMille and Bragdon. The French-

men then imagined that Smith's re-  
marks had been insulting, and his  
friends had silenced him on that ac-  
count. A riot seemed imminent when  
Monty succeeded in restoring silence  
and with a few tactful remarks about  
Franklin and Lafayette quieted the  
excited guests.

[TO BE CONTINUED.]

Too Early, Says Bryan.

Madison, Wis., July 29.—The Dem-  
ocrats to the number of 500 last night  
gave a banquet to W. J. Bryan. Col.  
Bryan said that he intended to take  
an extended European trip and for  
that reason especially appreciated the  
present opportunity to discuss Demo-  
cratic ideas and principles. It was  
early to discuss the standard-bearer  
of the party for 1908. He said that he  
wanted to take a long foreign trip in  
order to bring back what he could to  
promote good government. He thought  
that it was a good time for him to go  
now because there were no prospects  
that the senate and the president  
would get together on any important  
subject for a long time.

Jew Baiters Encouraged.

Vienna, July 29.—Prominent Jews  
here have been advised that the per-  
secution of Jews in western Russia is  
spreading, and that the Jew baiters  
are being encouraged by the authori-  
ties. At Vilna thirty-two Jews were  
shot, and at Caenstschau army reserv-  
ists lynched thirteen.

Murderous Diamond Thieves.

Detroit, Mich., July 29.—Joseph  
Moyer, a pawnbroker, was attacked last  
evening and fatally injured by  
thieves, who stole \$600 and \$1,000  
worth of diamonds.

Bank's Funds Missing.

Springfield, O., July 29.—F. H. Col-  
vin, who was appointed receiver of the  
recently closed Farmers' bank at  
Spring Valley, announces an apparent  
shortage of \$12,000.

St. Petersburg, July 29.—The Nov-  
osti, the leading Jewish liberal organ,  
has been suppressed for two months

DR. MOORE IS OUT

Physiologist of the Depart-  
ment of Agriculture  
Resigns.

RETIRED UNDER FIRE

Charges Had Been Made That He  
Was Using His Official Influence  
For Private Ends.

A Product for Enriching the Soil  
Found in Him An Over Warm  
Advocate.

Washington, July 29.—George T.  
Moore, physiologist of the department  
of agriculture, has tendered his resig-  
nation to Secretary Wilson, and it has  
been accepted. This action is the  
culmination of a hearing at the de-  
partment at which it was charged by

DR. GEORGE T. MOORE

two representatives of an agricultural  
publication that Moore's wife held  
stock in a company manufacturing cul-  
ture for soil inoculation, while Moore  
who had charge of the preparation  
and revision of bulletins regarding the  
enrichment of farms, directed farmers  
to the concern in question for their  
supplies of the cultures.

Moore admitted that his wife owned  
the stock, that stock was to come to  
him in the event that he severed his  
connection with the department and  
became the bacteriologist of the con-  
cern, but that in the latter part of  
April he decided to stay with the de-  
partment, and the stock was no longer  
held in his family.

It also was alleged that the culture  
had been supplied by the department  
to the concern mentioned in undue  
quantities, Moore being charged with  
shipping seventeen pounds in a single  
day, himself prepaying expenses.  
The resignation of Dr. Moore and  
its acceptance were announced in a  
statement issued by the department.  
This statement consists of Dr. Moore's  
letter to the secretary and an attached  
explanation of Moore's relations with  
the Nitro Culture company, the con-  
cern manufacturing the material for  
soil inoculation. The resignation was  
indorsed by Secretary Wilson, to take  
effect immediately.

In his letter to Secretary Wilson,  
Dr. Moore says: "In view of the criti-  
cism which has been made against my  
work and the position I am placed  
in by this criticism, I feel that the  
department should be relieved of any  
difficulty which may arise through my  
present connection with it."

Getting After Delmar.

Jefferson City, Mo., July 29.—Quo-  
warranto proceedings prepared by At-  
torney General Hadley were filed in  
the supreme court seeking to annul  
the charter of the Delmar Jockey club  
and to confiscate the property for the  
use of the state. Judge Marshall of  
the supreme court issued an order  
directing the respondent to appear be-  
fore the supreme court on Oct. 10 and  
show cause why the charter should  
not be annulled and the property for-  
feited to the state.

Sisters Quarrel Over Mother.

Chicago, July 29.—Charges that  
Mrs. Sarah D. Mulholland, a wealthy  
woman from Vicksburg, Miss., is re-  
tained as a prisoner by her two daugh-  
ters, the Misses Daisy E. and Hattie  
Mulholland, were made in the superior  
court by Mrs. May Powell, who claims  
that she is also a daughter of Mrs.  
Mulholland. On the showing made by  
the bill Judge Dupuy issued a writ of  
habeas corpus commanding the Misses  
Mulholland to produce their mother in  
court.

Afforded Cossacks Amusement.

St. Petersburg, July 29.—Employees  
of the Nevsky works where some sub-  
marine boats of the American type  
are being built, have struck. There  
was some disorder but the manifest-  
ers were dispersed by Cossacks. They  
left behind them a dummy with a  
red flag in one hand and an imitation  
bomb in the other. The Cossacks  
amused themselves by firing several  
volleys at the dummy.

A Double Hanging.

Natchez, Miss., July 29.—Alexander  
Winn and Nelson Walker, negroes con-  
victed of having murdered Charles  
Hauck, a white trading boatman, were  
hanged at Vidalia, La. Neither man  
confessed.

SIGNIFICANT SHOWING

New Orleans Scourge Chiefly Confined  
to Italians.

New Orleans, July 29.—The men of  
science who are warring against the  
yellow fever plague are confident that  
the situation is still well in hand and  
with no immediate prospect of becom-  
ing alarming. The entire section  
above Canal street is free from a sin-  
gle new case, and the fever is only  
spreading in the poorer habitations of  
the downtown section, with new cases  
isolated except in the heart of the  
French market quarter. The health  
authorities continue to hold also that  
the plague remains an Italian infec-  
tion, all but two of the twenty-six  
cases reported yesterday being of that  
nationality. Almost without exception  
since the beginning of the fever those  
who have fallen victims to the disease  
have been of the poorer classes of the  
population, many of them not long  
residents of the United States and  
therefore unaccustomed. For several  
years past the planters of Louisiana  
have been replacing negroes with Ital-  
ian labor and there has been a steady  
flow of immigration from Sicily and  
other parts of Italy to Louisiana.  
Many of these immigrants have re-  
mained in the city, finding employ-  
ment in the peddling of fruit or in the  
work of unloading vessels at the fruit  
wharves. It is among these that the  
fever appeared first, and to their lack  
of acclimatization and the inadequacy  
of their treatment has been largely  
due the heavy mortality that has char-  
acterized the present visitation of the  
scourge.

Zionist Plans Discussed.

Basle, Switzerland, July 29.—The  
discussion of the colonization scheme  
attracts much attention in the Zionist  
congress, and a number of conflicting  
propositions have been discussed.  
Mr. Cowan of London and Mr. Leon,  
on behalf of the American delegates,  
urged that Great Britain's offer of a  
tract in Uganda be declined. They  
expressed their conviction that Great  
Britain having recognized Zionism,  
would give her aid in securing a tract  
in Palestine or the vicinity. Other  
speakers argued strongly in favor of  
the acceptance of the British offer  
after a further survey of the Uganda  
territory.

They Refused to Testify.

Washington, July 29.—The refusal  
of F. A. Peckham, a New York broker,  
to answer questions before the grand  
jury engaged in the investigation of  
irregularities connected with the cot-  
ton crop report of the department of  
agriculture, was brought to the atten-  
tion of Judge Wright of the criminal  
court, but the hearing in the case was  
postponed until next Monday. Simi-  
lar action was taken in the case of  
Moses Haas, who was also before the  
jury as a witness and refused to tes-  
tify.

Little Girl's Awful Danger.

Plainfield, N. J., July 29.—A negro  
believed to be Charles Long, who mur-  
dered Matthew Cunningham of Trent-  
on and later escaped from Dismal  
swamp in South Plainfield, attempted  
yesterday to carry off one of the little  
girls of a fresh air camp at Nether-  
wood. The negro failed in his attempt  
to get away with the little girl, al-  
though he dragged her screaming into  
the woods. There he was forced to  
leave her and flee for safety.

Awaiting Developments.

Atlantic City, N. J., July 29.—All ne-  
gotiations between the Amalgamated  
Glass Workers and their employers in  
conference here are off for the pres-  
ent and the men have returned home,  
leaving but three of their number here  
to await developments. The employes  
have decided to treat with other or-  
ganizations of workmen.

Marshal Murderously Assaulted.

Rising Sun, Ind., July 29.—Marshal  
Thomas P. Overly of this city was  
murderously assaulted by William  
Jones, who cut a three-inch gash over  
the marshal's eye and probably de-  
stroyed the sight. Jones was arrested  
and committed to jail for assault with  
intent to kill.

OUTRAGEOUS CONDITION

Flooding of the State With Cigarette  
Papers Arouses the Wrath of  
Judge Stubbs.

If the President Can Not Act in the  
Matter He Will Take it to  
Congress.

Indianapolis, July 29.—In his efforts  
to stem the flood of cigarette papers  
which are being sent through the  
mails to the youth of Indiana, Judge  
Stubbs of the juvenile court may ap-  
peal to President Roosevelt. He is  
prompted to do this by the action of  
Postmaster General Cortelyou in re-  
fusing to issue a fraud order against  
the tobacco company as requested to  
do by himself.

Because of the anti-cigarette law,  
the American Tobacco company has  
been sending free of charge packages  
of cigarette paper to everyone whose  
name and address it could secure.  
Fearing that this might tend to make  
smokers out of young boys who re-  
ceived the papers, Judge Stubbs asked  
the postoffice department at Wash-  
ington to prevent the use of the mails  
for such a purpose. His answer was  
that the department is powerless to do  
anything.

"This condition of affairs is out-  
rageous," said Judge Stubbs when he  
received the department's letter. "I  
shall carry the matter to President  
Roosevelt, and if all else fails it shall  
be brought before the next congress."

WILL TEST THE CASE

Parlor Car Company Maintains Its  
Right to Sell Beer.

Bloomington, Ind., July 29.—A per-  
sonal difficulty between Walter Wil-  
liams, a colored porter of a Monon  
parlor car, and Nicholas Eppinghouse,  
son of Louisville, a passenger, prom-  
ises to end in a controversy that will  
be appealed to the higher courts for  
a decision as to whether liquors can  
be sold in Indiana without a license in  
each county.

About three weeks ago Eppinghouse  
was struck by the porter, who al-  
leged that he did it in self-defense.  
Arrests followed. Eppinghouse tes-  
tified that he bought beer by the pint  
in the parlor car while it was in this  
county. The result was that the por-  
ter was not only fined for assault, but  
also for selling liquor without license.  
The railway company stayed the last  
case and will appeal to the circuit  
court, and a decision will be insisted  
on here by the officers of the state  
finally to determine the right.

Murderous Firebugs.

Fort Wayne, Ind., July 29.—Henry  
Friday, twenty-seven years old, a pros-  
perous farmer at Coesse, was shot and  
seriously wounded while his barn was  
burning, and he was brought to this  
city, where he underwent amputation  
of his leg. He said that he was aroused  
by noises at his barn, and upon  
running out of his house toward the  
burning structure he was shot. Last  
autumn his barn was burned by  
thieves. At that time Friday was the  
attacking force, using his revolver and  
compelling the incendiaries to retreat.  
Blood was found with the coming of  
daylight, indicating that he had  
wounded one or more of the maraud-  
ers. The motive for the latest assault  
and incendiarism is thought to be in  
revenge for injury then received.

Farmers Wreck Auto.

Goshen, Ind., July 29.—A white  
steamer touring car belonging to Sol  
Mier & Co., bankers of Lagouler, Ind.,

was wrecked near Lagrange by strik-  
ing a pile of rails, supposed to have  
been placed in the roads by farmers  
in the vicinity who are prejudiced  
against automobiles. The chauffeur  
was injured and the other passengers  
were badly shaken up by the accident.

Eleven Cars Ditched.

Fort Wayne, Ind., July 29.—The Big  
Four Railway company sustained a  
heavy loss in a freight wreck at Oakal-  
la, six miles west of this city. The  
freight was an extra eastbound and  
parted at the switch west of Oakalla,  
coming together with a terrible crash,  
ditching eleven cars.

A \$20,000 Blaze.

Warsaw, Ind., July 29.—The four  
ice-houses of the Marion Ice and Cold  
Storage company of Marion, on the  
east shore of Center lake in this city,  
were totally destroyed by fire, entail-  
ing a loss of \$20,000, only partly cov-  
ered by insurance.

Child Shockingly Burned.

Washington, Ind., July 29.—While  
playing with fire, Lillian, the little  
daughter of Paul Miller, set fire to her  
clothing, which was entirely burned.  
Every part of her body was burned  
deeply except the right foot. Her in-  
juries are fatal.

It Was Loaded.

Marion, Ind., July 29.—Frank McAl-  
lister, while fooling with a small rifle,  
shot Basil Warger, nine years old, his  
playmate in the back, to the serious  
injury of the lad.

Lads Confessed.

Columbus, Ind., July 29.—Graver  
Myers, seventeen years old, who  
claims this city as his home, and Har-  
vey Ogle of similar age, of Shelbyville,  
were arrested on the charge of steal-  
ing a horse from Everett Gorbett and  
a buggy and harness from William  
Smith, near Kurtz, Jackson county.  
The boys asserted their innocence un-  
til they had been in jail for a short  
time, and then confessed.

Memphis Bars New Orleans.

Memphis, Tenn., July 29.—By a vote  
of nine to three the legislative coun-  
cil of Memphis went on record as fa-  
voring a strict quarantine against  
New Orleans and other fever-infected  
points. The quarantine will become  
operative immediately.

The Deadly Trail

Of disease is often the trail marked by  
a woman's gown. A recent investiga-  
tion showed a horde of microbes, includ-  
ing those of influenza, consumption and  
a dozen other varieties, gathered in the  
trail of a woman's dress.

The microbe is everywhere, but its  
prey are the weak and feeble people  
whose blood is "poor" and digestion  
"weak." Dr. Pierce's Golden Medical Discovery  
cures diseases of the  
stomach and other organs  
of digestion and nutrition  
and purifies the blood.  
It strengthens the  
body by increased  
nutrition to resist  
or throw off dis-  
ease.

"Please accept my  
thanks for the good  
Dr. Pierce's Golden  
Medical Discovery  
has done for me."  
writes Mrs. N. Che-  
ley of Cleveland, O.,  
July 29, 1905. "I was  
troubled for over a year  
with what the doctor  
pronounced indigestion. I  
had nervous headaches, an  
unpleasant taste in my  
mouth in the morning,  
and my blood was very  
poor. I tried different  
medicines but to no avail.  
My parents insisted on my  
taking Dr. Pierce's Golden  
Medical Discovery. I did  
so, and now on the fourth  
bottle, and feel stronger  
than I have for ten years.  
I cannot speak too highly  
in its favor."

Dr. Pierce's Pleasant  
Pellets are easy  
and pleasant to  
take. A most  
effective laxa-  
tive. They do  
not be-  
get the  
pill  
habit.

SATURDAY JULY 29, 1905.

HAVE a purpose in life and stick to it. Be sure you're right—that the purpose is worth your effort, that to win is just the thing, then stick. Live plain, be honest and work hard. Steady work and plain food will keep a man in the path of rectitude when sermons fail and contribute not a little to his success. The brain cannot do its best work when sprinkled with the ashes of a dissolute, ill-directed life.—Dr. Abbott.

ALL indications point to a prosperous fall and winter business for 1905. Every line of industry will feel the impetus from the bountiful harvests that have been gathered everywhere. July marks the turning point in our agricultural prospects. Then wheat and oats are harvested and we know what we have, and corn the most important crop of all, is "laid by," so to speak on its way to maturity that nothing in the ordinary course of events is likely to injure it. From every section of the country during the last three weeks have come reports of the most abundant crop prospects known for years, and the effect has been like magic. Banks have "loosened up," new enterprises have been given the breath of life, older ones have felt safe in going forward with improvements and enlargements and a general spirit of confidence in the future has been engendered.

## Hoadley Building.

On Monday morning James DeGolyer and his men will begin the work of excavation for the cellar of the new building to be built by W. E. Hoadley on the vacant lot next to his present store building. The old building will also be remodeled, making the whole front very fine, being 61½ feet. The new building will be two stories and basement built of brick. There will be two large store rooms on the ground floor, and ten or twelve suites of rooms for offices. The rooms will all be heated by hot water and furnished with all of the latest conveniences. This business block will form a most valuable addition to the city.

## Family Reunion.

A most noteworthy family reunion is being held this week and next at the residence of Mr. Jesse Buchanan, on Poplar street. The entire family of seven children are present, some of them having come from Kansas and California. One of the sons, Rev. Albert M. Buchanan of Ness City, Kansas, will preach in the Presbyterian church at the morning service tomorrow, and another son, Professor Victor Buchanan, will render a solo at the evening service.

## Birthday Party.

Little Miss Lucile Bergdoll entertained a number of playmates at her home on West Fourth street this afternoon in celebration of her fourth birthday. The afternoon was pleasantly spent at games after which refreshments were served. She received some very pretty presents from her little friends.

## Eighty Years Old.

Peter Platter, the well known photographer, is celebrating his eightieth birthday today. He has been a resident of Seymour for forty-four years and three months. He is in excellent health and expects to celebrate many more anniversaries.

Samuel Carr, of Medora, was here last evening.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by C. W. Milhous.

The Jefferson county fair just closed was a failure. Fifty tickets of Madison and Jefferson counties just paid up a guarantee fund of \$10 each—\$500. After striking a balance each citizen had paid in the \$10 guarantee finally received back \$1.70 so it cost each guarantor \$7.30, making the shortage \$365.

When you want a pleasant laxative that is easy to take and certain to act use Chamberlain's Stomach and Liver Tablets. For sale by C. W. Milhous.

A colored porter on a Monon dining car has been fined by Mayor Malott, of Bloomington, for selling beer on the train as it passed through Monroe county, without a license. This raises a new question. If this fine is just under the statute it will require all railroads to take out a retail liquor license in each county through which their road passes, in order that wine, beer and other liquid refreshments may be sold on their dining cars.

## Youthful Horse Thieves Were Taken Today.

Grover Meyers and Harvey Ogle, the seventeen year old boys who were arrested at Columbus Friday for stealing the Kurtz horse and buggy were brought to Seymour this morning and arraigned before Mayor Graessle. The boys pleaded guilty and not being able to give bond they were sent to Brownstown this afternoon to await action of the grand jury.

They gave as their reason for taking the horse and buggy the fact that they were at Kurtz and one of them being a cripple was unable to walk out. They stated that they intended to return the horse and buggy, but their hiding it carefully in the weeds at Columbus hardly bears out this statement.

Everett Gorbett who owned the horse that was stolen assisted the Constable in bringing the boys here today and Grover Davis who went with him to Columbus is driving the horse through.

After leaving Kurtz the boys say they drove to Waymansville where they fed and then drove on to Columbus. The Ogle boy was familiar with the place and selected the place of rendezvous. When the officers went in search of the rig the weeds are so tall in that vicinity that they were within a few feet of the stolen property before they found it and then the search would probably have been prolonged for some time had they not heard the horse fighting flies. As soon as the horse and buggy were secured the officers learned that the boys had been sleeping in the amphitheatre at the driving park and they were found there. Neither boy is able to read or write and they have been wandering about the country for some time.

## Bedford Wreck.

The Bedford Mail gives the following account of the wreck in which Engineer Frank Day was injured on Friday:

"An engine pulling the B. & O. S-W. mixed train, between Bedford and Riverdale, jumped the track near the Leatherwood bridge at noon today, causing a general blockade of the branch line for several hours.

"Frank Day and Ed Porter, engineer and fireman, who were making their first trip on this end of the line jumped and received painful injuries. Engineer Day was the most seriously injured being cut about the head and face. Fireman Porter's legs were cut and his ankle sprained by the severe jolting received when he jumped. The injured men were taken to Riverdale where their injuries received attention.

"The passengers received a severe shaking up, but otherwise were uninjured. The train was running at a high rate of speed and strange to relate the cars remained on the track."

## Residence Burned.

The residence of Susan Nicholson on the county line northeast of Seymour, burned Friday at noon. The entire roof was in a blaze before it was discovered. The farm house and smoke house were totally consumed and almost nothing was saved from the contents. A defective flue is supposed to have caused the fire.

## Court Notes.

The case of Elmer Loftus against his mother-in-law Mrs. Vest and her daughter, was tried before Mayor Graessle this morning and the case taken under advisement.

Michael Lannen was arrested this morning for drunkenness, but as he was anxious to part company with Seymour he was permitted to go on his way.

## Seymour's Showmen.

C. E. T. Dobbins and Thos. M. Hon returned last evening from a week's outing with the Wallace show. They enjoyed the hospitality of Mr. Wallace's private car, and report a great time. The show hands, 'tis said, laughed at the Seymour recruits, but the boys declare they worked harder than anybody all through the trip.

## Soldier Train.

The two special B. & O. S-W. trains with two battalions of soldiers from the Philippines passed through here today, the last one at 3 p. m., on the way to Fort Thomas. There were about 350 soldiers under command of Col. Henry P. Ray.

W. C. Hughbanks, of Austin, was here last night.

## Rather than Surrender to Desire for Intoxicants.

Edward Herner, of Indianapolis, formerly of Seymour, committed suicide Friday morning by taking a large quantity of morphine, after struggling hard for some days with an unquenchable desire for strong drinks. He was a cooper by trade and resided at 1276 Silver avenue.

He left no word to tell his family the cause of his suicide, but from his actions during the last few days they are sure that the reason was that he could not overcome his appetite for intoxicants. He has for a long time been a heavy drinker, but recently has reformed. For the past few days he had been despondent and irritable, but although the desire for strong drink often came to him, he never gave up to it.

On Friday morning Mrs. Herner was awakened early by groans and sobs of her husband. Dr. Homer I. Jones and Dr. Carl W. Rutledge worked with him for an hour. To all appearances Herner had taken the drug several hours before the arrival of the physicians and never regained consciousness.

His parents, Mr. and Mrs. Michael Herner, live in Seymour on High street. His mother left for Indianapolis as soon as possible after receiving the news of her son's death.

The remains will probably be brought here for burial.

## Local Paper First.

Hearst's Chicago American has a recent issue containing the following editorial, which has created no little comment on the part of the press generally because of the fact that it shows a spirit of fairness which does not always characterize the American's editorials. It says:

"It would be a misfortune to the country if the few big papers in the big cities should interfere seriously with the publication of the valuable and intelligent local newspaper—for upon these local newspapers the welfare of the country very largely depends. The metropolitan daily cannot possibly know the needs of the various localities and small cities. Only the local newspapers can protect local needs and influence local opinion. Of course we are glad to have as many people as possible read the Chicago American in the big cities and little cities. But we hope that in the small towns and every village there will be enough intelligence and public spirit on the part of the local inhabitants to support earnestly and enthusiastically the best local newspaper, giving encouraging approbation and a good living to the local editor, who alone can represent and defend justice and public spirit among his neighbors. The man is unfortunate who cannot afford to take two newspapers at today's prices. He who can afford only one newspaper, in our opinion, should display his sense of duty to his locality by taking the local newspaper."

## DIED.

PHILLIPS.—Little Edna Phillips, aged about one year, died Saturday morning, July 29, of cholera infantum. Funeral Sunday afternoon at 2 o'clock from the home of Henry Engleking on North Broadway.

Mrs. Frank Gates returned last evening from a visit at Oakland City.

Charles Anderson, of Louisville, is visiting his cousin, Miss Hazel Anderson for a few days.

Fred G. Donner, of Columbus, was here today on his motor cycle.

## SOME TAX SURPRISES

What Assessment Sheets From Various Counties Show.

Indianapolis, July 29.—Of eighty-nine counties that have forwarded their assessment sheets to the state board of tax commissioners, now in session, twenty-five show a decrease in the personal property assessment in 1905 over that of 1904. The most notable decreases are in three of the gas belt counties—Blackford, Grant and Madison, the decrease from last year being \$224,195 for Blackford, \$261,650 for Grant and \$794,450 for Madison, this last decrease being the largest recorded in the state. In spite of the great development of the coal fields in Sullivan county, the decrease there is \$276,360. This is the more remarkable in view of the fact that Knox county, the next adjoining south, and equally active so far as new coal mines are concerned, shows an increase of almost a million dollars, the second largest increase of the state, the greatest being \$1,061,955 in Delaware county. Another surprise is found in Jay county, where the decrease is \$119,960 in spite of the constantly increasing values placed on oil properties there.

Beginning next Wednesday and continuing for ten days the national guard of Indiana will be in camp for military practice at Fort Benjamin Harrison. The three regiments of the state and an artillery company, comprising three batteries, will participate. These include 2,900 men and 144 officers. Governor Hanly and the members of his staff will occupy headquarters on the grounds. Colonel W. McCoy of the First regiment, Colonel Harry B. Smith of the Second, and Colonel E. P. Thayer of the Third, with Major General McKee and his staff will be in charge. On Sunday, Aug. 6, Governor Hanly will review the troops. This will be the largest single feature of the encampment. His call as commander-in-chief of the guard will be made Thursday, Aug. 4. While Governor Hanly will not be able to remain at camp throughout the entire period because of business, he will probably spend every evening there.

Figures compiled by the board of state charities show that a total of 2,956 prisoners have been released from the Indiana reformatory and the state prison during the last eight years because of the operation of the indeterminate sentence and parole law. Of the number paroled, only 22 per cent have proved delinquent in complying with the conditions of their release. The majority of these have been returned to the institutions. Amos W. Butler, secretary of the board, is delighted with the practical operation of the law.

## FALL TRADE ADVICES

According to Bradstreet These Are Very Favorable.

New York, July 29.—Bradstreet's weekly review of trade today says: Crop report and fall trade advices are more unanimously favorable than at any preceding time this season. Confidence in the crop situation is reflected by good fall orders and a volume of wholesale and retail trade certainly in excess of a year ago and fully equal to the average at this season. Special activity is noted in cotton goods, which are in eager demand at high prices, with scarcity of desirable makes widely reported. Trade in woolen fabrics is good, confirmation of this being found in freer buying by manufacturers of raw material at ruling high prices.

## Colonel Mann Takes Action.

New York, July 29.—Charles Stokes Wayne, managing editor of Town Topics, has been removed by W. D. Mann, owner of the publication. Mr. Wayne was the confidential assistant of Colonel Mann. Town Topics' owner said that Mr. Wayne had been, without Colonel Mann's knowledge, a promoter of a publication called "America's Smart Set." Charles H. Ahle, said to be an agent for "America's Smart Set," is under arrest, charged by Edwin M. Post, a broker, with attempted blackmail.

## Threshers in Deadly Peril.

Vincennes, Ind., July 29.—While engaged in threshing wheat on the farm of Fred J. Myers in Harrison township, a stick of dynamite was discovered in a bundle just in time to avoid a horrible accident. The machine is owned by T. J. Sanders, who carries a full force of hands with the machine. This is the third attempt to wreck threshers in that neighborhood this season, and if the perpetrators of such heinous crimes are captured they will be summarily dealt with.

## Regimental Reunions and Forty-Second Anniversary Battle Chickamauga, Chattanooga, September 17-21, 1905.

On September 18, 1905, will occur the forty-second anniversary of the Battle of Chickamauga. It is proposed to celebrate this memorable event with a reunion of the various regiments that participated in this memorable battle, and, in addition, to hold at the same time, a grand reunion of all the regiments that participated in the various battles fought around Chattanooga. This reunion will be held at Chickamauga National Park, September 17-21, and the present indications are that it will be the largest and most notable gathering ever held in the south. On the above dates, the remnants from the armies of twelve states, comprising the following: Pennsylvania, Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, Kansas and Kentucky, will assemble, many for the first time since they marched from their blood-stained fields, forty-two years ago.

Grand and glorious will be the meeting and all who attend will have cause to rejoice. The lowest rate ever secured has been given, the entire public for this occasion, one cent per mile, short line distance.

Here is one of the great opportunities for the education of the youth. Don't fail to take your children and show them historic Chattanooga, with all its historical connections. It is the opportunity of a lifetime. Go and see the old war generals and other officers, point out the places of interest on the battlefield; let them show you and explain. In person, the markers erected on the battlefield showing the positions of the opposing armies at the time of battle. It will not be long until none will be left to do this noble work; take this opportunity and don't let it escape you, it is worth six months in the school room to any student.

It will be many years, if ever again, that such an opportunity will present itself. See that your tickets read via the Louisville & Nashville R. R., the Battlefield Route. Call on your nearest railroad agent for rates and advertising matter pertaining to the reunion or write nearest representative of the Louisville & Nashville R. R.

Mrs. Chas. Horning and daughter, who have been visiting J. A. Fox at Reddington and Charles Frey and family here, returned this afternoon to their home at Indianapolis.

Mrs. Tom Newsome and daughter, Miss Georgia Ross, have returned from a visit at Medora. Miss Edie Ray, of Indianapolis, was in the city last night on her way to Seymour.—Columbus Herald.

### ANNIVERSARY.

#### Court of Honor Celebrate Their Tenth Year.

The Court of Honor celebrated their tenth anniversary last evening at their hall in a way which was truly one of pleasure. About one hundred and fifty were present, and during the time of lodge work, several more were initiated into the order. This lodge is in a very prosperous condition, at the present time having a membership of about 200.

The hall was beautifully decorated in the lodge colors, gold and white. After the work of initiation was finished, the evening until midnight was spent in sociability and a general good time. Many pleasing instrumental selections were given during the course of the social. Refreshments of sandwiches and coffee and ice cream and cake were served. Buttonhole bouquets of nasturtium were the favors.

The social committee are deserving of thanks from all who participated in the pleasant evening planned and carried out by them.

#### Examination Questions.

Owing to "leaks" the state board of education has ordered the county superintendents to have a committee to open the envelopes containing the examination questions when they are used the last Saturday in each month.

The superintendent and three applicants must sign a statement to the effect that the envelope was in good condition when opened at the examination and the certificate of the postmaster is also required to a statement that the envelope containing the examination questions was delivered to the county superintendent with the seal unbroken. These certificates and the envelopes themselves are sent to the state superintendent.

The envelopes used are made of heavy cloth-lined paper and it is practically impossible to burglarize one without breaking the seal.

#### Bridge Contracts.

Papers throughout the state have had considerable to say in the past few weeks about the crookedness in awarding contracts for bridges, and several exposures have been made, not only showing graft in the letting of contracts, but collusion between the bridge companies in making their bids. The county commissioners have advertised for bids for the construction of some bridges in this county and should be careful that they watch the taxpayers' interests in awarding the contracts. If their appears to be any collusion between the bridge companies making bids it would be entirely proper for the county board to declare all bids off. There will be no necessity of paying about two prices for the bridges.

#### Can't Leave Indiana.

Two East St. Louis husbands, both having wives whom they accuse of refusing to leave Indiana to live with them, today filed suits for divorce. E. W. Bressie states he married his wife, Clara, at her home, Salem, Ind., on July 6, 1896, and went to East St. Louis May 2, 1903 to obtain work. He avers he sent her money and even returned to Salem to escort her, but she decided she could not live away from Indiana.

The other plaintiff, Otto Smith, alleges he was married in Indiana five years ago, moving to Illinois March 26, 1903.

#### Stocking With Fish.

The U. S. Fish Commission has just made the annual allotment of fish to stock Indiana rivers, lakes and pools. All indications point to a liberal supply for distribution this year. Addison C. Harrison gets the biggest allotment that comes to Indiana this year, as he has undertaken to stock 200 miles of white river with black bass. The greatest number of fish sent out are black bass, with rock bass, crappie and catfish respectively in amount. When the fish are properly protected the distribution certainly does much toward restocking fishing waters.

#### Honeytown Picnic.

The annual Honeytown Sunday school picnic is being held today. The weather is all that could be desired and as usual a large crowd is in attendance. This has grown to be one of the largest picnics in the county and is much more than a local picnic. It is an annual occasion when friends from all parts of the county meet to exchange greetings. Many who attend regularly here do not see some of these friends again until the next picnic the following year.

### Changes at Franklin.

Prof. Chas. N. Peak who has been filling the chair of history at Franklin for the past two years has resigned his position to accept the superintendency of the Gretnville, Ill., schools. Prof. Peak is well known in public school work through Indiana, having been president of the Southern Indiana Teachers' Association the year the meeting was held in Seymour.

Dr. Wm. H. Allison, an eastern man, a graduate of Harvard, has been chosen his successor. Dr. Allison besides his qualifications for his department and his experience as teacher and lecturer, has proven his skill in athletics, more especially tennis, he having defeated all contestants in the recent Chicago tennis tournament.

Prof. Joseph Robinson, also, has been chosen to fill the chair of English at Franklin made vacant in June by the resignation of Prof. E. S. Gardiner. He is a graduate of the University of South Dakota and of Harvard. He has been a successful teacher in high school and has made many contributions to magazines.

President E. B. Bryan states that both are strong men in their respective departments and he is greatly pleased in what he considers a wise choice made by the board. They are learned men and come with high recommendations.

The college board also created an athletic fund which will be used in the employing of experts to train athletes. This will fill a long felt need in the college and place the institution on an equality with the other colleges of the state.

In certain respects the excursion to the Lewis and Clark Centennial Exposition, Portland, Oregon, via Pennsylvania Lines, beginning May 23rd and continuing through the summer, offer advantages never before presented to Exposition visitors. The trip was never so favorable as now. The trip may be made less expensive than ever. For only a slight difference in fare tourists may extend their trip to San Francisco and Los Angeles. The return trip may be made over a different route, enabling travelers to view much more of the west. For full particulars, fares, dates of special excursions to Portland on account of conventions, through time and passenger service apply to ticket agent of Pennsylvania Lines.

## One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by C. W. Milhous.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## HOCH'S LIFE SPARED

At Last Moment Chicago "Bluebeard" Gets a Reprieve.

Chicago, July 29.—Johann Hoch, "Bluebeard" and confessed bigamist, sentenced to be hanged for poisoning one of his wives, was yesterday afternoon granted a reprieve until Aug. 25 by Governor Deneen. The stay of execution followed hours of anxiety on the part of Hoch, who had never given up hope, and was allowed by the governor only after the latter had been assured that the necessary sum to appeal the case had been raised. The amount, \$500, was given by an attorney and friends of Hoch's counsel. The attorney declared he was actuated purely by humanitarian motives.

All arrangements had been made for the execution, and in view of the action of Governor Deneen Thursday in refusing a stay of execution and similar action by the state board of pardons, Hoch's chance for life was considered slight.

About the time set for the execution the attorney who furnished the money appeared in the case for the first time. This attorney, it was said, telephoned Hoch's lawyer that the former had \$500 to give toward aiding to appeal the case. The two lawyers hastened to the jail, told Jailer Whitman of the money secured and arranged with the jailer to postpone as long as possible the execution of Hoch. Meanwhile they sought State's Attorney Healy and had him arrange a conference with Governor Deneen over the long-distance telephone. Hoch's counsel told the governor that there was lacking only a small sum of the amount necessary for a review of the case. After discussing the matter with the state's attorney the governor finally consented to a stay for the condemned man and so notified Hoch's counsel.

Hoch was almost overcome when the word was conveyed to him. He said: "If the supreme court decides against me I am willing to die. I ask no mercy and no favor. I believe in the law, but I feel that if the supreme court has a chance to review the case it will result favorably to me." Hoch's attorney announced that he would at once prepare to appeal the case.

## EARLY ARMISTICE

Japan Expresses a Willingness to Give Pause to Warfare.

## THE PREPARATORY STEP

Examination of Credentials Must Necessarily Be the First Duty of Peace Delegate.

When All Is Found Regular Then Talk of Armistice Will Naturally Follow.

New York, July 29.—Inquiry was made of Mr. Sato, spokesman of the Japanese peace envoys, as to the attitude of the Japanese on the question of an armistice, and he replied: "Japan is perfectly willing to agree to an armistice after the credentials of both commissions have been examined and verified. The examination of credentials must necessarily be the first duty of the peace delegates to ascertain that all are qualified to act in the capacity to which they are represented. Negotiations for peace that ended the Chinese war, I remember, there was much delay because the credentials of one of the Chinese plenipotentiaries did not bear the emperor's seal granting him plenary powers. However, I think an armistice will be agreed upon after the commissions enter formally upon their work. It has been the custom in all peace negotiations to cease hostilities during the convention of peace plenipotentiaries."

Mr. Sato was asked as to the definite powers of the members of the commission, and he said: "They have power to reject any proposal and commit the Japanese government to any document they may sign, subject of course to the sanction of the emperor."

The reports that China intended asking an indemnity Mr. Sato had read, and regarding this he said: "China could not ask any indemnity of Japan. It was her inability or unwillingness to keep Russia out of Manchuria that forced us into the war."

Baron Komura has applied himself closely to his official duties. Many dispatches are transmitted to and from Tokio, and all the secretaries with the suite are taxed with an enormous amount of work. Mr. Sato commented upon the reception to Secretary Taft in Tokio, and said he had read the reports with deep interest. The fact that the historic Chrysanthemum gardens had been thrown open to the secretary, Mr. Sato said, was indicative of the feeling toward Americans in Japan.

"These gardens are almost sacred to our country," said Mr. Sato, "and this is the first time they have been opened to a foreign citizen. It is a marked distinction and honor. They are opened for our own people but twice a year."

## A Japanese View.

London, July 29.—In an interview Koryoku Takahashi, special finance commissioner of Japan, expresses himself as hopeful that peace will result from the coming negotiations. He bases this hope on his personal conviction that Japan's demands will be reasonable and that the true interests of Russia require that she make peace. The appointment of M. Witte, he adds, strengthens this hope. Should hostilities continue, Mr. Takahashi says, Japan is in a position to prosecute them successfully, as she has on hand as a result of the two recent loans the means to carry on the conflict for a considerable time, and if the war should continue there is no question that she will be able to borrow further.

## Sultan in Further Danger.

Bucharest, Roumania, July 29.—A plot against the life of the sultan of Turkey has been discovered by the authorities at Kustenji. A search of houses occupied by Turks disclosed large quantities of revolvers, rifles, cartridges and compromising documents. The Roumanian officials subsequently discovered cases of rifles hidden in the hold of a Turkish steamer now at Kustenji.

## Surprise for Mayor Weaver.

Philadelphia, July 29.—Geo. Thomas, acting chief of the bureau of city property, and William E. Maher, acting chief of the bureau of highways, who were recently appointed, have resigned their positions. Both were required to take a civil service examination, and to the surprise of Mayor Weaver they failed to pass. In consequence of this they tendered their resignations.

## Commended by the President.

Oyster Bay, N. Y., July 29.—President Roosevelt, after spending two hours in an inspection of the Sea Breeze Home, established on Coney Island by the New York Association for the Improvement of the Condition of the Poor, returned to Sagamore Hill last evening highly pleased with conditions as he found them there.
